F. SCRUTINY AND EVALUATION OF BIDS

30. Basic Principle

- 30.1 Bids will be evaluated based on the terms & conditions already incorporated in the Tender Enquiry Document, based on which bids have been received and the terms, conditions etc. mentioned by the bidders in their bids. No new condition will be brought in while scrutinizing and evaluating the bids.

31. Scrutiny of Bids

- 31.1 The Purchaser will examine the Bids to determine whether they are complete, whether any computational errors have been made, whether required Bid Securities have been furnished, whether the documents have been properly signed stamped and whether the Bids are generally in order.
- 31.2 The Purchaser's determination of a Bid's responsiveness is to be based on the contents of the Bid itself without recourse to extrinsic evidence.
- 31.3 The Bids will be scrutinized to determine whether they are complete and meet the essential and important requirements, conditions etc. as prescribed in the Tender Enquiry Document. The bids, which do not meet the basic requirements, are liable to be treated as non-responsive and will be rejected.
- 31.4 The following are some of the important aspects, for which a bid shall be declared non-responsive during the evaluation and will be ignored;
- (i) Tender Acceptance Form as per Section IX (signed & stamped) not uploaded.
 - (ii) Bid validity is shorter than the required period.
 - (iii) Required Bid Security (Amount, validity etc.)/ Exemption documents have not been uploaded as per stipulated provisions.
 - (iv) Bidder has quoted for goods manufactured by other manufacturer(s) without the required Manufacturer's Authorization Form as per Section XIII.

Failure to demonstrate the equipment on the stipulated day without any genuine reason (which is to be intimated in advance and should be acceptable to the purchaser) will mean that the bidder is not interested in supplying the equipment & the Bid would be liable for rejection. In case of genuine reasons (to be decided by Technical evaluation committee) extension in date of demonstration (maximum two) will be given after receiving written request from the bidder. Technical evaluation committee is fully empowered to reject any bid if it is felt that the equipment is of inferior quality, even if it is fulfilling the specifications and other commercial terms.

The Purchaser’s request for clarification and the response shall be in writing. No change, including any voluntary increase or decrease, in the prices or substance of the Bid shall be sought, offered, or permitted. If during the evaluation, the purchaser finds any minor informality and/or irregularity and/or non-conformity in a bid, the purchaser will convey its observation on such “minor” issues, which has not price implication, to the bidders by registered/speed post/ e-mail/fax etc. asking the bidder to respond by a specified date.
